Hi Matt,
One of the engineers on our team flagged your profile and I wanted to reach out. We're really impressed with the work you've done and I think you would have a big impact on our team.
We changing the recruiting industry by creating a marketplace that removes the need for recruiters. Turns out, most people don't like working with them :-)
We've found a great product/market fit and in hyper growth mode. I'd love to share some more information about how Hired works. Are you free to catch up sometime this week?
Best,
Morgan
